

Dear FCC People:

Sinclair Broadcasting's forcing their stations to air an anti-Kerry documentary days before the election is of great concern to me and my family.

Sinclair uses the public airwaves free of charge, and is obligated by law to serve the public interest. This is not the public interest, but those of the Bush Administration. I'm very concerned as whatever millions this effort will cost is not "charged against" the Bush campaign. This is free to Bush.

When large companies control the airwaves, we get more of what's good for the bottom line and less of what we need for our democracy. Instead of something produced at "News Central" far away, it's more important that we see real people from our own communities and more substantive news about issues that matter.

Sinclair's actions show why we need to strengthen media ownership rules, not weaken them.

Please hear our voice and do what is appropriate in stopping the Sinclair "campaign." Thank you.

Sincerely,

Peggy Kiriara
